

## LETTER OF RECOMMENDATION

It's my great pleasure to hereby recommend the company Meble Krysiak, Krzysztof Krysiak located in Strzalkow, ul. Kochanowskiego 14 A, with which we have collaborated since 2004.

One of the main reasons when choosing this manufacturer was competitive prices but also the big potential of the company, its experience and knowledge of the market, as well as the good opinion it enjoyed on the furniture market.  
The furniture was and is always completed on time, according to our demands and collaboration always runs smoothly.

The company produces 100-200 thousand Euro worth of furniture monthly.  
When planning future collections we always consider collaborating with Meble Krysiak, as it is a trustworthy partner, with great skills and knowledge providing a modernly equipped factory.

The firm Meble Krysiak is absolutely worth recommending.

Best regards
